Household Battery Recycling Now Available in Morgan Hill

Did you know that normal household batteries contain mercury? While a useful element, mercury is a toxic metal and all household batteries should be properly disposed of as hazardous waste.

Several local merchants have volunteered to become household battery collection centers. These include:

Booksmart, 17415 Monterey Rd.,
778-6467

Caffee Kaffe Vin, 17400-1B Monterey Rd.,
782-1029

Radio Shack, 870 Tennant Station,
778-2414

Thinker Toys, 17375 Monterey Rd.,
776-1339

We applaud these local merchants for stepping forward to serve the community by making battery recycling convenient. Please bring all of your household batteries to these locations and be sure to thank the merchant when you do. For more information on local efforts to reduce the release of mercury in the environment, visit www.hhw.org.

Façade Improvement Program Is Expanded

Morgan Hill introduced its Façade Improvement Program in 1991. The program's purpose is to improve the exterior appearance of commercial buildings and properties within the Redevelopment Project Area. Properties must be in the Downtown CC & R Zoning District or along the Monterey, Dunne or Tennant Avenue corridors.

The program offers financial assistance in three specific cost areas:

- Full reimbursement of all City Site and Architectural Review fees;
- Full reimbursement of the first \$2,000 of professional architectural/design work; and,
- Half of the actual improvement costs, to a maximum reimbursement of \$15,000 (\$30,000 in total improvement costs).

The changes approved in June substantially increase the dollars available to properties most likely to incur higher costs in improving their site. Such properties would include those where the building is highly visible or prominent, is a stand-alone structure, or consists of two or more stories. The maximum rebates to such properties are now:

- Full reimbursement of all City Site and Architectural Review fees;
- Full reimbursement of up to \$4,000 in architectural/design work, based on improvement costs above \$30,000; and,
- Half of the actual improvement costs, to a maximum reimbursement of \$45,000 (\$90,000 or more in actual improvement costs)

The Façade Program requires that a maintenance (non-monetary) easement be placed against the improved property in return for funding. For properties in the Downtown which do not exceed improvement costs of \$30,000, the easement remains on title for five-years. In all other cases, the easement remains for 10-years. There is a limited amount of funding for this program each year through the Morgan Hill Business Assistance and Housing Services Department.

RUNNING OUT OF ROOM?

If you have more recycling than will fit in your current bin, you can request extras of any of the following recycle containers:

- Mixed Paper Recycling Toter
- Yard Trimmings Recycling Toter
- Blue Bin (for bottles and cans)
- Deskside Recycling Box*

*Deskside boxes can be picked up at City Hall

Call 779-7247 or e-mail us at environ@morgan-hill.ca.gov.

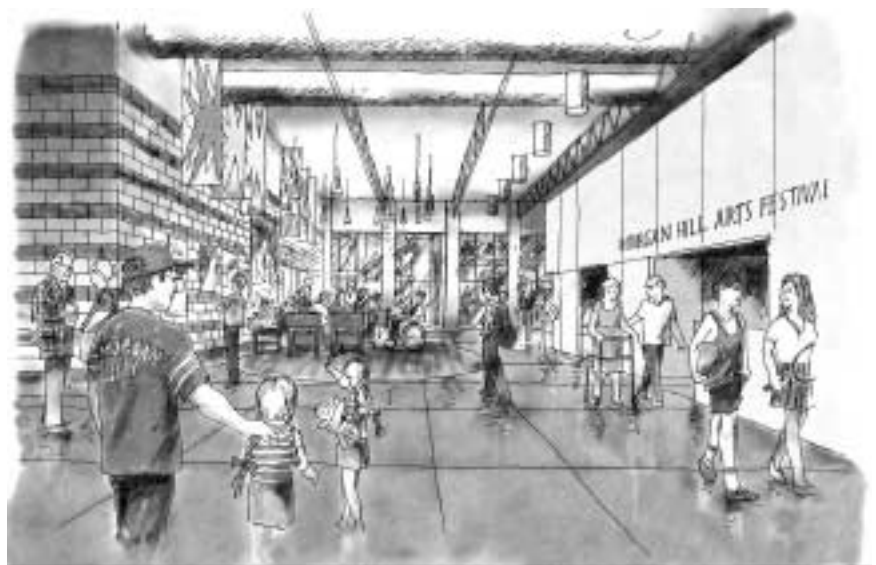

Community Indoor Recreation Center

Construction of the Community Indoor Recreation Center is well underway. This 52,000 sf building consists of two major uses. First, the recreation component of the building consists of a gymnasium, natatorium (indoor pool and water slide), fitness and aerobics rooms. Second, the building includes Senior and Youth dedicated areas, with a multipurpose room, multi-generational computer area, and Senior and Youth lounges.

The project began construction on May 16, 2005. As of mid-June, the site was graded with a completed building pad. Construction activities scheduled in June and July included trenching for sewer, fire, and electrical services, excavate for building footings and trenching for building plumbing.

The General Contractor is West Coast Contractors, Inc. The project is currently on schedule and budget

and has experienced no unforeseen conditions to date.

Glenn Ritter is the City's construction manager for the project assisted by consultants Nova Partners.

The project is scheduled for completion on September 6, 2006.

Questions may be directed to Mori Struve, Deputy Public Works Director/Operations and Principal Project Manager for the Community Indoor Recreation Center. He may be reached at 776-7337 x247 or mori.struve@morgan-hill.ca.gov

ANNUAL SOUTH COUNTY GARAGE SALE COMING IN SEPTEMBER

Promote the idea of reuse, conserve landfill space and avoid wasting valuable resources - have a garage sale! Morgan Hill, Gilroy and South Santa Clara County are celebrating their commitment to reducing waste by sponsoring South County Garage Sale Days in September. Morgan Hill garage sales will be on September 17th and 18th.

You provide the garage. You keep the cash. Clean out your closets and empty the attic! We will provide free advertising and free garage sale kits. These kits include tips for a successful sale, inventory sheets and a list of organizations who will accept donations of usable items. (You may want to check with your Home Owners Association, if applicable, to make sure you can have a garage sale.) For more information, contact the City of Morgan Hill Environmental Programs Division at 779-7247 or by email at andi.borowski@morgan-hill.ca.gov
